## Stallion License Application

Stallion must be at least 2 years old when application is made.  
Stallion cannot be used for breeding until after January 1<sup>st</sup> of his three year old year.

Member Cost -	\$ 35.00	DNA Typing
	\$ 300.00*	License Fee
Non Member Cost -	\$ 75.00	DNA Typing
	\$ 450.00*	License Fee

### General Information – To Be Completed by Stallion Owner

Name of Stallion	Registration Number	Birth Date
Owner of Stallion		
Address of Owner	Telephone	
Name of Stallion	State	Zip Code

Owner please check one:

- The DNA lab report is attached or is already on file at the AHR office.
- I am sending a hair sample to the AHR office for forwarding to the lab for DNA typing. I understand that licensing will not be complete until the lab report is received by the Registry which may take up to 4 to 6 weeks.

### Veterinarian's Report – To Be Completed by a Veterinarian

- Have both testicles descended? Does this stallion have two normal size testicles in normal position in the scrotum?  
Can you verify that the stallion is not cryptorchid? Yes \_\_\_\_\_ No \_\_\_\_\_
- Checking the first pair of (middle) incisors, top and bottom, do the biting surfaces touch? Can you verify that the stallion is neither monkey mouthed nor parrot mouthed? While checking his mouth, is his head in the normal head carriage for the Haflinger? Yes \_\_\_\_\_ No \_\_\_\_\_

Veterinarian may make additional comments here: \_\_\_\_\_

I personally have inspected the above stallion and find him to meet the qualifications listed above as required for a breeding license with the American Haflinger Registry.
