

## American Haflinger Registry Out West Inspection Survey

Quite a few members of AHR have requested inspections out west for a number of years. In the past, we have tried to solicit people to organize these inspections, but have had trouble finding people, and have not had enough horses in place to do so.

In order to make an inspection out west happen, there would need to be a minimum of ten horses. Given that the states and distance out west for people to travel are spread very far apart, there is a possibility to have two different sites out west in two different states if there are enough horses at both sites.

The AHR Board and I & C Committee want to hold inspection out west in 2019 for our members, perhaps combined with a clinic or some type of fun show or breed show. In order for that to happen, we need your input. Please take the brief survey below and either email it back to [mary.procopio@mcc.edu](mailto:mary.procopio@mcc.edu), [newhorizonshaflingers@gmail.com](mailto:newhorizonshaflingers@gmail.com), snail mail it to Mary at 7437 Herbison Road, Bath, Michigan 48808, or Facebook message Mary Procopio.

Information needs to be received by February 1st in order to plan for a 2019 inspection.
